

Technical drawing showing the front view of a device. Dimensions are indicated in millimeters (mm):

- Overall width: 951
- Overall height: 115.5
- Distance from left edge to center of the first vertical section: 268
- Distance from center of the first vertical section to center of the second vertical section: 148
- Distance from center of the second vertical section to center of the third vertical section: 587
- Distance from center of the third vertical section to right edge: 108
- Distance from left edge to center of the third vertical section: 587
- Distance from center of the third vertical section to right edge: 108
- Distance from left edge to center of the fourth vertical section: 428.5
- Distance from center of the fourth vertical section to right edge: 80
- Distance from center of the fourth vertical section to right edge: 240
- Distance from center of the fourth vertical section to right edge: 56
- Distance from center of the fourth vertical section to right edge: 110

Technical drawing of a mechanical assembly, likely a pump or motor unit, showing dimensions in millimeters. The drawing includes a side view and a top view.

Dimensions:

- Overall width: 1073
- Overall height: 723
- Top view dimensions (from left to right):
 - 208
 - 298
 - 335
- Side view dimensions (from top to bottom):
 - 158
 - 280
 - 277
 - 446
- Shaft diameter: $\varnothing 87$
- Label: 2LT (pointing to the shaft)

Technical drawing of a mechanical component, likely a valve or actuator, showing a top view and a side view. The top view is a square with rounded corners, featuring a central circular feature and four corner features. The side view shows the profile of the component, including a flange and a mounting bracket. Dimensions are provided in millimeters.

Key dimensions and features:

- Overall width: 723
- Overall height: 433.5
- Top view width: 289
- Top view height: 254
- Central circular feature diameter: $\phi 15$
- Corner features: 4
- Mounting bracket dimensions: 160, 14, 56, 316
- Flange dimensions: 88.5, 160
